

Anti-Doping Activity Summary

Period: June 2021 – June 2022

Country: Sudan

Member Country Representative: Professor/ Ahmed Awad Elgamel

	Major Accomplishments /Focus Areas	Comments/Remarks
1	Anti-Doping Education Programs: Anti-doping workshops: In 2020 SADA arranged in collaboration with the National Ribat University workshop to address the challenges of Antidoping in Sudan During Covid-19 Pandemic: SADA participated actively in the campaign to raise awareness about the impact of the pandemic. Together with the medical commission of the NOC created guidelines on how practice sports during the pandemic and how to come back to the field gradually.	Webinars: Joined most of the useful educational WADA webinars International anti-doping conference: Sudan participated in the conference in Poland. UNESCO international convention against doping in sports conference: Sudan was prepared to participate but due to the closure of the airport for several day didn't manage to be there.
2	Doping Control Testing Program: 1. Total No. Tests: <ul style="list-style-type: none"> In – Competition: <input type="text" value="0"/> Out-of-Competition: <input type="text" value="0"/> 	TDP and RA were sent in 2022, but needed to be updated. During the COVID-19 pandemic, no tests were possible. TDP and RA: Faced problems with the forms thank for Monday 15th August 2022 and to Samih for the fruitful webinar
3	Code Compliance & Program Development: In 2020, Sudan developed the National Anti-Doping rules which were reviewed by WADA.	RADO meetings: Participated in all on line meetings
4	Capacity Development / Training: Training of Chaperones: In 2021 SADA arranged training program to prepare Chaperones to cover the need for DCOs as almost all the RADO accredited DCOs left the country. Training was successful with the participation of Sanna and Alya. Still we don't have DCOs for testing. Training of Educators: Next month in Kambala. Following up with NOC to overcome difficulties.	

5	<p>National Stakeholder Relations / Engagement:</p> <p>We are very keen to keep good communication with our National, regional and international stallholders.</p> <p>UNESCO convention:</p> <p>Having a problem with the ADLOG questionnaire a National team was created by the ministry of youth and sports to communicate with the convention Secretariat followed by a national platform. To bring the stallholders onboard a seminar was arranged by the National team which was addressed by the minister and attended by under-secretaries from relevant ministries.</p>	<p>Chair of the medical commission of Arab federation of Rowing and canoe:</p> <p>(Nominated by the National Federation)</p> <p>I was appointed as chair of the medical commission of the Arab federation of Rowing and Canoe</p>
6	<p>Anti-Doping Program Budget / Resource Mobilization:</p> <p>NADO not yet supported financially and no budget is allocated for the anti-doping programs.</p>	<p>I would like to highlight on the challenges Sudan is facing with regard to the implementation of the Antidoping activities to be in line with the World Antidoping code and the UNESCO international convention against doping in sports. Many reasons and factors played role in not supporting our NADO with these facilities. Sudan NADO. For long time, the needs to perform duties and responsibilities are not available including the budget for everyday activities and recruitment of full time IT specialist and premises. This includes also contributions to WADA and RADO. However, we are doing all what is possible in this area, in the meantime here are some activities.</p>
	Key Activities Forecast for Next year:	
	<p>A virtual meeting of the stakeholders of anti-doping in Sudan with WADA is scheduled on 25th of August 2022 to discuss the plan and activities for the next year.</p>
